

Tim Manning
Foundation Governor

My name is Tim Manning and I am delighted to be a Foundation Governor at St Mary's school. I first took on the role in the spring of 2015. Currently, I am a member of the both the Admissions and People Committees. Most recently I have also taken on the role of Numeracy Governor

I have a strong family link to St Mary's as all, of our three children attended the school, albeit, some forty-five years ago. First when the school was located on the Saint Joseph's Parish Church site and subsequently at its' present location.

My ambition as a Foundation Governor is to promote St Mary's School as a focus for the local community.

For most of my professional life I have been a systems engineer, first in the telecoms industry and subsequently as a broadcast engineer with the BBC where I spent some 28 years. Having left the BBC I worked as a free-lance broadcast project manager; mainly in Europe, the Middle-East and the Gulf States. I am now happily retired.
