

Dear Parents/Carers,

NEWS FLASH - EXCITING TIMES AHEAD!

We are pleased to announce that St Mary's is moving to a new catering provider from September 2020.

The new company is called Dolce and they will be managing the lunch menus and orders with their own system called School Grid.

We look forward to the children having exciting, nutritious and delicious meals to choose from!

Please read the attached information leaflets as they explain how this new system will work. We will be supplying Dolce with the Primary 1 email contact that is connected to your parent mail account.

They will be sending out a registration link to this primary contact. It is **IMPORTANT** that you register, otherwise your child will not be able to order a meal from September onwards. This new system will be totally cashless and all meals must be paid for online. Once registered you will be able to note any meal /dietary/allergen information directly.

Please check your junk/spam folders for any emails from **Dolce and/or School Grid**

Thank you for your attention to this matter

regards

The School Office
