Headteacher: Mrs. S. Barry

Dear Parents and carers,

7th September 2020

On Friday I had a call from a member of our school community regarding the lack of social distancing by some families outside the school. Government Guidance, the back to school plan, the risk assessment and loud requests from me should be clear but it is unfortunate that some people are choosing to put others at risk by ignoring the 2 metre guidelines.

Reminder! The staggered starts are a ten minute window for entry – there is no need to queue as this only causes confusion. Once the previous classes are in then we can send down the next group of children.

0830 - Year 3 and 4 (0830-0840)

0840 - Year 1 and 2 (0840-0850)

0850 - Year 5 and 6 (0850 -0900)

0900 - Early Years

Thank you to those of you who have already worked this out – a gradual entry during the time slot means that there is less crowding and social distancing is easier.

St Mary's is a very precious school and we want to keep everyone in our school community safe.

Best wishes,

Mrs Barry
