

End of Key Stage Results 2016-2017

These results are absolutely incredible. They are a good cohort but that should in no way mask the amount of work that every single member of staff has put into these children. It vindicates our approach that we build firm foundations and allow children time to grow into their ability.

Year 1 Phonics

Year	Working Towards	Working At	RBWM	National
2016\2017	10 children 23%	34 children 77%	83%	
2015\16	10 children 22%	35 children 78%	81%	81%

The phonics results are very good bearing in mind the fact that we took on two new children very late in the year and neither had any chance of reaching the standard – that would be 5%.
